

Great are the works of the Lord, studied by all who delight in them - Ps 111:2

# Science and Christian Faith

Encouraging informed discussion on science and Christian faith issues

## Chaos, Chance and the Character of God

**Professor Paul Ewart**

Prof. Paul Ewart is Head of the Department of Atomic and Laser Physics at the University of Oxford. 200 years ago, order and structure in science pointed to the existence of God. Chance, however, lies at the heart of modern sciences such as quantum physics and cosmology. Paul will examine the issues implied by order and chance in nature, considering whether chance is necessary to preserve God's sovereign control in a world in which we have free will.

**Tues 12<sup>th</sup> Feb 2019 at St. Paul's Church, Camberley, GU15 2AD**

Doors open 7.00pm; Illustrated talk begins at 7.30 pm followed by Q&A and refreshments.  
Admission FREE but donations will be welcome.
